Re: Notice of File Closure for Proposed Small Mining Project, Lucky 7, S/019/049, Grand County, Utah

Dear Mr. Day:

On September 29, 1999, we received your application for the Lucky 7 small mining project to be located in Section 32, T18S, R25E, Grand County, Utah. On October 13, 1999 you were notified that we had not received your permit fee for this proposed operation. We were also informed that you had not yet obtained your state lease for this project. On January 21, 2000, we received your 1999 annual report stating that you still had not yet obtained your lease and no mining had commenced.

We recently received notification from the School and Institutional Trust Lands Administration (SITLA) that in May, 2000, you withdrew your application for a state lease for this project. SITLA performed an inspection of the area and found no disturbance had occurred. SITLA then approved withdrawal of your lease application. Therefore, as you do not have a state lease granting permission to mine in this area, and you have not paid the Division permit fees, we will close this permit application and retire the Lucky 7 file #S/019/049.

If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5267.

Sincerely,

Anthony A. Gallegos
Senior Reclamation Specialist
